DIVISIONS AND COMMITTEES

ICHP Divisions and Committees

Find your area(s) of interest and send in this form today to start investing in your future...

DIVISION OF EDUCATIONAL AFFAIRS

Is responsible for developing all Council publications, training programs and educational programs. The division addresses all educational issues related to pharmacy. The division provides oversight for the ICHP Spring and Annual Meeting programming and provides input to the KeePosted editorial committee.

KEEPOSTED COMMITTEE

Is a subcommittee of the Division of Educational Affairs and is responsible for directing, soliciting and providing the technical content of the ICHP peer-reviewed newsjournal KeePosted. The Committee is chaired by the KeePosted Editor and works closely with ICHP office staff to produce ten issues of the newsjournal annually.

www.ichpnet.org

DIVISION OF GOVERNMENT AFFAIRS

Is responsible for reviewing and interpreting proposed legislation and regulation and its impact on public health, pharmacy and related practice. This division will work cooperatively with legislators, allied health care professional organizations, consumer organizations and government agency personnel on all health care related public policy that improves pharmacy practice and facilitates the efforts of the pharmacist in helping their patients obtain the best results of their medication therapies.

DIVISION OF PROFESSIONAL AFFAIRS

Is responsible for improving and promoting pharmacy practice by developing professional position statements, practice standards, guidelines, competency standards, and related materials that promote rational patient oriented medication therapy. The division is also responsible for identifying and promoting innovative pharmacy practice models in Illinois. The division works cooperatively with allied organizations and government agencies in developing and promoting these responsibilities.

DIVISION OF ORGANIZATIONAL AFFAIRS

Is responsible for maintaining and improving ICHP's overall organizational effectiveness. This includes developing and reviewing proposals to change the ICHP constitution and bylaws, organizational structure, and organizational operations. The division is involved in developing and monitoring the implementation of the ICHP strategic planning process.

DIVISION OF MARKETING AFFAIRS

Is responsible for performing an annual membership survey, developing programs to maintain current membership and recruit new members, developing and supporting local affiliates, interpreting principles and ethics of the Council, marketing clinical pharmacy concepts to target audiences, and developing and coordinating all communications and selected public relations activities directed toward the general public and other health professionals.

COMMITTEE ON TECHNOLOGY

This Committee is a subcommittee of the Division of Marketing Affairs and focuses its efforts on evaluating and disseminating information on new technologies with applications in pharmacy. The committee develops educational presentations on technology issues that will help members implement new technologies rationally into their practices. The Committee provides input to the other ICHP divisions and committees on issues related to technology.

NEW PRACTITIONERS NETWORK

This Network is responsible for developing new products, services and educational opportunities for those practitioners new to health-system pharmacy practice. Practitioners who have recently graduated from Colleges of Pharmacy and practitioners who have moved into health-system pharmacy practice for the first time are welcome to participate in the activities that this Network's Executive Committee develop and provide.
