DEAR MEMBERS AND FRIENDS:

Welcome and thank you for attending ICHP's 50th Anniversary Gala. We are excited to have you with us celebrating ICHP's 50 Years of Caring for Patients, the Profession and Each Other. During those 50 years, ICHP has been and continues to be committed to advancing excellence in the practice of pharmacy. We hope you enjoy this evening's celebration and take this opportunity to reunite with old friends, reflect on your personal memories of ICHP's first 50 years, and join us as we all look forward to a bright future for pharmacy.

Once again, thank you for being a part of ICHP's 50th Anniversary Gala and helping us celebrate a proud history of Caring for Patients, the Profession and Each Other!

Sincerely,

Tom Westerkamp, MS, RPh

Pioneering science delivers vital medicines™

*Transforming the language
of life into vital medicines*

At Amgen, we believe that the answers to medicine's most pressing questions are written in the language of our DNA. As pioneers in biotechnology, we use our deep understanding of that language to create vital medicines that address the unmet needs of patients fighting serious illness – to dramatically improve their lives.

APOTECA

chemo

Customers who choose Apoteca™
receive:

- Patient Safety with robotic consistency, free from human error
- Staff Safety that is not dependent on human performance or expensive supplies
- Environmental Support through reduced trash volumes and excellent containment
- Lowest compounding cost, better than human-based safety systems
- Integration with existing software through standard interface technology
- Size and Speed that make implementation relatively easy and worthwhile

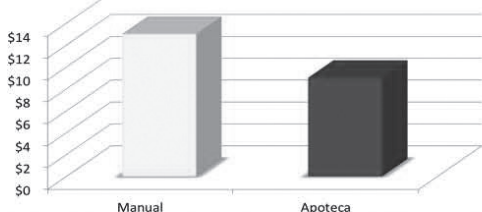

Selected Features

- Full HL-7 integration with your pharmacy information system.
- Positive product identification using three different scanning modalities.
- Automated dose calculation based upon a well-established formulary.

Apoteca Reduces Operating Expenses

The cost of safety in manual systems is driven upward by closed system transfer devices and computer-assisted workload management systems. Each additional dose adds more cost. Apoteca removes much of this cost and its cost per dose **DECREASES** with additional volume.
