ILLINOIS COUNCIL OF HEALTH-SYSTEM PHARMACISTS

2 0 1 1 A N N U A L M E E T I N G

Thursday, September 15 - Saturday, September 17

**Drury Lane Theatre and Conference Center
Oakbrook Terrace, IL**

Engaging programming and networking opportunities will have you building your connections at the 2011 Annual Meeting! Keynote speakers will address intercommunication in healthcare and the current employment environment during the two-part keynote presentation: “Effective Communications for Safer Healthcare” and “So Many Pharmacists...So Few Jobs”. Special focus sessions are planned for managers, clinicians, residency directors, students, and technicians. Each session offers insight, knowledge and application to many practice sites and interests. Meanwhile, build your professional connections by visiting the exhibit program or attending ICHP’s 10th Annual Residency Showcase!

DATE AND LOCATION

The ICHP 2011 Annual Meeting will take place on **Thursday, September 15, Friday, September 16, and Saturday, September 17**. Meetings and CPE sessions will be held in the Drury Lane Theatre and Conference Center, 100 Drury Lane in Oakbrook Terrace, IL 60181. Drury Lane is conveniently located in Chicago’s prestigious western suburbs, minutes from downtown and major airports. Visit www.drurylaneoakbrook.com for transportation needs.

CITY ATTRACTIONS

There is plenty to do while attending the ICHP Annual Meeting. Explore the area and take advantage of the wonderful shopping available at Oakbrook Center Mall. The mall has many wonderful restaurants to enjoy as well. While at Drury Lane Theatre and Conference Center, why not take in a show? Drury Lane Theatre will be presenting “Sweeney Todd” - a haunting musical thriller.

HOTEL ACCOMMODATIONS

All meeting attendees are responsible for making their own hotel reservations. Special convention room rates are available to attendees of the 2011 ICHP Annual Meeting at The Hilton Garden Inn in Oakbrook Terrace (10 Drury Lane, Oakbrook Terrace, IL 60181). **These special rates are available by calling The Hilton Garden Inn (1-877-782-9444) prior to Wednesday, August 24 and mentioning that you are attending ICHP’s Annual Meeting!**

CONTINUING PHARMACY EDUCATION CREDIT

Education sessions will be offered for CPE credit and registrants may earn up to 16.5 contact hours (1.65 CEUs) at this meeting (ICHP determines the number of credit hours for each session). The Student Session and Residency Director Forum are not accredited.

earn up to
16.5 CPE
hours at the
2011 annual
meeting!

At the present time, the Pharmacy Technician Certification Board (PTCB) and the Illinois Board of Pharmacy do not require technicians to participate in ‘T,’ or technician-specific continuing education for re-certification or relicensure purposes. Therefore, technicians are welcome to participate in programming that is either ‘P’ or ‘T’ and will receive CPE credit for either type, provided they meet all applicable program requirements.

2011 ICHP ANNUAL MEETING EDUCATIONAL PROGRAMMING GOALS

1. Identify methods to improve communication among healthcare practitioners, colleagues, students and patients.
2. Address current issues in clinical practice.
3. Discuss implementation of new technologies to improve efficiency and patient safety.
4. Apply the new pharmacy practice model initiative in to practice.
5. Appraise the current environment for pharmacist and resident positions.
6. Formulate processes to improve patient outcomes.

ONLINE PROGRAM EVALUATIONS AND STATEMENTS OF CREDIT

In order to receive continuing pharmacy education credit, all meeting attendees will need to access Health-systemCE.org to complete evaluations and download statements of credit. HealthsystemCE.org is a website designed to meet the educational needs of health-system pharmacists and pharmacy technicians.

You will have 2 weeks after the Annual Meeting to complete your online evaluations and submit your request for statements of credit. Do not delay in completing your evaluations and downloading / printing your statement of credit. Instructions for completing live program evaluations online and downloading statements of credit will be included in the meeting folder provided to you at meeting registration.

ACCREDITATION

The Illinois Council of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as provider of continuing pharmacy education. Registrants at the 2011 ICHP Annual Meeting may earn a maximum of 16.5 contact hours of continuing pharmacy education in states that recognize ACPE providers.

Practice Gap and Educational Need

Pain represents a major crisis in today's healthcare environment with over 70 million Americans experiencing chronic pain each year. Poor management of pain has been linked to reduced quality of life and patient satisfaction of care. During hospitalization, inadequate management of pain leads to longer length of stay and higher readmission rates, resulting in overall higher healthcare costs. Pain places a heavy financial burden on society and is a leading cause of disability and lost work days.

Adequate pain management requires clinicians to make rational decisions regarding analgesic selection, dosing, titration, and administration. A thorough understanding of pain pathophysiology is essential to guide clinical decision-making. Despite the availability of effective analgesics, several barriers to adequate pain management continue to exist. These barriers include failure to assess scope of pain, concerns for abuse, fear of adverse events, and a lack of knowledge about pain and analgesics.

Healthcare providers must recognize the impact of pain on their patients and advance their efforts to better manage pain. Pharmacists, as part of a interdisciplinary team, can play a leading role in these efforts to address the current practice gaps.

Target Audience

This continuing pharmacy education activity is planned to meet the needs of pharmacists in a variety of practice settings, including large and small health systems, outpatient clinics, managed-care organizations, long-term care facilities, and academia. This activity would be especially beneficial for pharmacists, clinical specialists, managers, leaders, and educators who are interested in pain management, new drug therapies, and improving the care of patients experiencing moderate to severe pain.

Learning Objectives

After participating in this educational activity, learners should be able to

- Optimize pain management decisions based on pain pathophysiology
- Select an appropriate analgesic and dosing regimen to effectively treat moderate to severe pain
- Incorporate evidence-based strategies to minimize adverse events and toxicity associated with analgesics
- Utilize pain assessment tools and communication techniques to accurately evaluate pain

Accreditation

 The University of Kentucky College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

This knowledge-based activity has been assigned ACPE # 022-999-11-024-L04-P and will award up to 1.5 contact hours (0.15 CEUs) of continuing pharmacy education credit in states that recognize ACPE providers.

Statements of credit will indicate hours and CEUs based on participation and will be issued online at the conclusion of the activity. Successful completion includes signing in at registration, attending the entire session for which credit is claimed, completing the activity evaluation and requesting credit online at conclusion of the activity. The College complies with the Accreditation Standards for Continuing Pharmacy Education.

Instructions For Credit

1. Attend activity in its entirety
2. Post program, go to www.CEcentral.com/getcredit
3. Enter activity code
4. Choose the date of the session you attended
5. Login or register for a free account
6. Complete evaluation
7. Get credit. A printable certificate will be issued.

Disclosure Of Conflicts Of Interest

University of Kentucky and Vemco MedEd require faculty, planners, and others who are in a position to control the content of continuing education activities to disclose to the audience any real or apparent conflict of interest related to the activity.

All identified conflicts of interest are reviewed and resolved to ensure fair balance, objectivity, and scientific rigor in all activities. The faculty is further required to disclose discussion of off-label uses in their presentations.
