3:00 PM

LEARNING OBJECTIVES

1. Review rules and regulations that apply to pharmaceutical waste collection.
2. Review the variety of wastes involved.
3. Outline the challenges of a pharmaceutical waste collection system.
4. Describe successful training methods and techniques.

This program is co-sponsored by Illinois Council of Health-System Pharmacists. Illinois Council of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program is equivalent to 1 contact hour (0.10 CPEs) of the Accreditation Council for Pharmacy Education.

ACPE Universal Activity Number 121-999-10-071-L03-P; 121-999-10-071-L03-T Type of Activity: Knowledge

At the present time, neither the Pharmacy Technician Certification Board (PTCB) nor the Illinois Board of Pharmacy requires technicians to participate in only 'T,' or only technician-specific continuing education for re-certification or relicensure purposes. Therefore, technicians are welcome to participate in programming that is either 'P' or 'T' and will receive CE credit for either type, provided they meet all applicable program requirements.

TARGET AUDIENCE: Health-System Pharmacists and Pharmacy Technicians

FACULTY DISCLOSURE: It is the policy of the Illinois Council of Health-System Pharmacists (ICHP) to ensure balance, independence, objectivity, and scientific rigor in all of its education programs. In accordance with this policy, faculty must disclose to the participants any significant relationships with commercial companies whose products or devices may be mentioned in faculty presentations, or with the commercial supporter of these continuing pharmacy education programs. These disclosures will be available at the program.

REGISTRATION INFORMATION: This program is made available to ICHP Champion sites and is free to ICHP members. Non-members may attend but if they wish to receive CE credit, must register online at ichpnet.org and pay a fee of \$25.00. Non-members who register will then be uploaded to the online evaluation and CE site. Those wishing to receive continuing education credit must complete an online evaluation and will be able to print out a statement of credit. Additional details on registration and the evaluation process will be available online.

This activity is supported through an unrestricted educational grant from Stericycle.
