Elevate! ICHP President, Travis Hunerdosse, calls on us to elevate ourselves, elevate our teams and elevate our profession! The 2018 ICHP Annual Meeting provides a variety of opportunities for engaging in professional development, networking and social events with fellow pharmacists, pharmacy technicians, pharmacy students, and pharmacy industry – all with the purpose of elevating pharmacy professionals and advancing excellence in the pharmacy profession.

In response to the overwhelming positive experiences of attendees to our 2016 Annual Meeting, we are once again collaborating with the Pharmacy Learning Network (PLN) – part of the North American Center for Continuing Medical Education (NACCME). Their mission is to develop and disseminate live, print and web-based CME/CE activities to provide an education forum through which healthcare practitioners may examine current medical issues, therapies, and technologies. PLN will provide Thursday’s programming as a combination of their Chicago 1-Day Regional Meeting and the ICHP Annual Meeting.

In addition, Thursday evening will include an ICHP networking session and reception with specific groups discussing issues pertinent to technicians, new practitioners, medication safety, leadership/management, ambulatory care, pharmacy practice and academia.

This year’s education sessions will include leadership and clinical skills, as well as technician, management, technology and ambulatory care specific sessions and student initiatives to assist with advancement and professional development. Attendees will have an opportunity to share relevant challenges and solutions during the Town Hall Lunch, share in the fun of award recognition during the Awards Luncheon, and learn about the latest advances from industry representatives during the Exhibit sessions.

Please join us at the ICHP 2018 Annual Meeting! Participate in taking your profession to new heights through professional development and networking opportunities!

THANK YOU
MEETING SPONSORSHIPS

ICHP would like to thank these companies for providing sponsorships for the 2018 Annual Meeting.

PLATINUM SPONSOR

GOLD SPONSOR

Daiichi Sankyo

SILVER SPONSORS

OCTAPHARMA

UNITED Pharmacy Staffing
DATE AND LOCATION
The ICHP 2018 Annual Meeting will take place on Thursday, September 13, Friday, September 14, and Saturday, September 15. Meetings and CPE sessions will be held in the Drury Lane Theatre and Conference Center, 100 Drury Lane in Oakbrook Terrace, Illinois 60181. Drury Lane is conveniently located in Chicago’s prestigious western suburbs, minutes from downtown and major airports.

CITY ATTRACTIONS
There is plenty to do while attending the ICHP Annual Meeting. Explore the area and take advantage of the wonderful shopping and restaurants available at Oakbrook Center Mall. While at Drury Lane Theatre and Conference Center, why not take in a show? Drury Lane Theatre will be presenting “Little Shop of Horrors.” This gem of a musical, inspired by the 1960 darkly comedic horror film of the same name, will charm your heart with infectious doo-wop songs and endearing characters. A down-on-his-luck resident of Skid Row is offered the girl of his dreams, fame and success from an all-powerful R&B singin’ carnivorous plant, but at what cost? Winner of the Drama Desk Award for Best Musical.

MEETING DRESS CODE
The meeting dress code is business casual. The meeting room temperatures may vary – please remember to bring a sweater or jacket.

HOTEL ACCOMMODATIONS
All attendees are responsible for making their own hotel reservations. Special convention room rates are available to exhibitors at The Hilton Garden Inn in Oakbrook Terrace (1000 Drury Lane, Oakbrook Terrace, IL 60181).
- Fri: Single/Double $139, Triple $149, Quad: $159
These rates are available by calling The Hilton Garden Inn (1-877-STAYHGI) prior to August 21 and mentioning that you are attending ICHP’s Annual Meeting!

REGISTRATION
Pre-register by Wednesday, August 21 for early bird rates. Registration is available online (ichpnet.org/events/annual_meeting) or you can also complete a paper registration.

Meeting materials are available for pick-up during designated hours at the meeting. CPE handouts will be available online prior to the meeting. The ICHP registration desk will be located in the conference center foyer. Registration desk hours are:
- THURSDAY, SEPTEMBER 13
  7:30 AM - 7:30 PM
- FRIDAY, SEPTEMBER 14
  7:30 AM - 6:15 PM
- SATURDAY, SEPTEMBER 15
  7:30 AM - 3:15 PM

FACULTY DISCLOSURE
It is the policy of the Illinois Council of Health-System Pharmacists (ICHP) to ensure balance, independence, objectivity, and scientific rigor in all of its education programs. In accordance with this policy, faculty must disclose to the participants any significant relationships with commercial companies whose products or devices may be mentioned in faculty presentations, or with the commercial supporter of these continuing pharmacy education programs. These disclosures are included in the syllabus and will be announced during the program.

TARGET AUDIENCE
Health-system pharmacists and pharmacy technicians; pharmacy students.

CONTINUING PHARMACY EDUCATION CREDIT
Education sessions will be offered for CPE credit and registrants may earn up to 18.25 contact hours (1.825 CEUs) for pharmacists and 11.75 contact hours (1.175 CEUs) for pharmacy technicians at this meeting (ICHP determines the number of contact hours for each session).

Please note: PTCB requires CPhTs to earn only pharmacy technician-specific (‘T-specific’) credit to qualify for recertification. As of January 1, 2015, ALL CPE credit earned must be T-specific. In addition, the number of allowable CPE hours earned through in-service training is 5.
PROGRAMMING
Program variations may occur.

ACREDITATION
The Illinois Council of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as providers of continuing pharmacy education. Registrants at the 2018 ICHP Annual Meeting may earn a maximum of 18.25 contact hours of continuing pharmacy education in states that recognize ACPE providers (11.75 contact hours from ICHP; 6.5 contact hours from NACCME for pharmacists. Available hours for technicians are 11.75 contact hours. - see detailed schedule.) Please refer to the full meeting brochure (updated regularly) for complete accredited information. Note that CPE is not available for technicians on Thursday.

PROGRAM EVALUATIONS AND CREDIT
ICHP ACCREDITED PROGRAMMING
In order to receive continuing pharmacy education (CPE) credit, all meeting attendees will need to access CESally.com to complete evaluations. Credit will be reported to CPE Monitor.

You will have 7 weeks after the Annual Meeting to complete your online evaluations and submit your request for CPE credit. Do not delay in completing your ICHP evaluations. Instructions for completing ICHP live program evaluations online will be included in the meeting folder provided to you at meeting registration. When completing your program evaluation for credit, if a CPE program number ends in both ‘P’ and ‘T’, pharmacists must choose the ‘P’ program and technicians must choose the ‘T’ program.

CPE MONITOR
Your NABP e-Profile ID is required to receive CPE credit. Visit www.mycpemonitor.net for more information.

ACPE UNIVERSAL ACTIVITY NUMBERS
ICHP

PLEASE REFER TO THE DETAILED SCHEDULE (UPDATED REGULARLY) FOR COMPLETE ACCREDITATION INFORMATION ON EACH PROGRAM.

MEETING PARTNERSHIP
Thursday’s programming presented in partnership with the Pharmacy Learning Network (PLN). North American Center for Continuing Medical Education, LLC (NACCME) is accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the health care team.

CPE
Each of these activities is approved for 0.75 contact hour (0.075 CEU) of continuing pharmacy education UANs: TBA

This activity is approved for 0.5 contact hour (0.05 CEU) of continuing pharmacy education UANs: TBA

These educational activities are knowledge-based activities. Instructions for NACCME accredited programs will be provided.

For questions regarding PLN activities, please call 609-371-1137.

Terrace Room
INTRODUCTION

8:45AM - 9:30AM
Terrace Room
VTE PREVENTION ACROSS THE CONTINUUM: APPLICATIONS OF CLINICAL EVIDENCE FOR EXTENDED PROPHYLAXIS FROM INPATIENT TO OUTPATIENT CARE

At the end of this presentation, pharmacist participants should be able to:

1. Quantify the clinical and economic burdens associated with VTE in patients admitted for acute medical illness as well as post-discharge
2. Describe the standard of care for VTE prophylaxis in the acute hospitalization and post-discharge care settings
3. Evaluate the latest clinical evidence associated with the use of DOACs for the acute and extended prophylaxis of VTE, particularly the implications of newly approved factor Xa inhibitors
4. Incorporate risk stratification tools, patient-specific factors, and shared decision-making within the identification of patients who would most benefit from extended VTE prophylaxis
5. Lead the interdisciplinary care team in the management of anticoagulant therapy for VTE prophylaxis, ensuring individualized therapeutic selection, patient-centric education and monitoring, and coordinated transitions of care from hospital to outpatient settings

Type of Activity: Knowledge-based
0.75 contact hour (0.075 CEU)
UANs: 0276-0000-18-TBA
Mark A. Munger, PharmD, FCCP, FACC
9:30AM - 10:15AM
Terrace Room
ADDRESSING DIAGNOSTIC AND THERAPEUTIC CHALLENGES IN PULMONARY ARTERIAL HYPERTENSION THROUGH PHARMACIST INTERVENTION
At the end of this presentation, pharmacist participants should be able to:
1. Recognize the barriers to a timely PAH diagnosis and the clinical and socioeconomic impact of diagnostic delays
2. Outline the diversity of PAH pathophysiologic mechanisms, therapeutic targets, and patient types with respect to impact on clinical outcomes and therapeutic design
3. Evaluate traditional and newer approaches to the management of PAH with respect to their mechanisms of action, efficacy, safety, indications, and appropriate use across patient populations
4. Employ pharmacy practice strategies to optimize the long-term management of PAH through informed, individualized, and coordinated care
Type of Activity: Knowledge-based
0.75 contact hour (0.075 CEU)
UAN: 0276-0000-18-TBA
Douglas Jennings, PharmD, FCCP, FAHA, FACC, BCPS

10:30AM - 11:15AM
Terrace Room
RECOGNIZING AND MANAGING VOD IN AFFlicted AND AT-RISK PATIENTS
At the end of this presentation, pharmacist participants should be able to:
1. Outline the risk factors and diagnostic criteria associated with VOD for the timely identification of at-risk and affected patients
2. Distinguish among traditional and newer approaches to VOD management with respect to their clinical rationale for use, efficacy, safety, and tolerability
3. Evaluate the available evidence surrounding the clinical and cost benefits of early or preventative VOD treatment in key patient populations
4. Integrate the latest clinical evidence and expert recommendations into strategies to overcome barriers to optimal VOD diagnostic and therapeutic practices
Type of Activity: Knowledge-based
0.75 contact hour (0.075 CEU)
UANs: 0276-0000-18-TBA
Christopher A. Fausel, PharmD, BCPS, BCOP

11:15AM - 12:00PM
Terrace Room
TACKLING THE COMPLEXITIES OF BIOSIMILARS ACROSS PHARMACY SETTINGS
At the end of this presentation, pharmacist participants should be able to:
1. Outline the requirements for biosimilars approval such as the clinical data package, totality of evidence, extrapolation of data, interchangeability, and substitution
2. Evaluate the clinical data supporting the safety, efficacy, biosimilarity, and interchangeability of approved and late-stage biosimilars
3. Describe the impact of current and emerging regulatory and legal requirements on biosimilar interchangeability designation, switching/comparability studies, pharmacovigilance, product tracking, and accessibility
4. Integrate new and emerging biosimilars into clinical care plans, systems-based processes, formulary discussions, and provider/patient communication strategies
Type of Activity: Knowledge-based
0.75 contact hour (0.075 CEU)
UAN: 0276-0000-18-TBA

EXAMINING THE PHARMACOLOGIC PROFILES AND APPROPRIATE INTEGRATION OF TREATMENT ADVANCES IN AML  
At the end of this presentation, pharmacist participants should be able to:  
1. Describe the factors that contribute to poor clinical outcomes and the economic burden of AML  
2. Identify the challenges with the current standard of AML care and traditional therapeutic options in terms of the initiation, tolerability, and toxicity of treatment; and impact on patient survival, hospitalizations, and quality of life  
3. Assess the role of novel chemotherapeutic formulations and targeted agents in the treatment of AML in terms of clinical outcomes, pharmacologic profiles, reduced toxicity, and pharmacoeconomic data  
4. Integrate new chemotherapeutic formulations and targeted agents into AML care and pharmacy medication management plans  
Type of Activity: Knowledge-based  
0.75 contact hour (0.075 CEU)  
UANs: 0276-0000-18-TBA  
Christopher A. Fausel PharmD, BCPS, BCOP

1:45PM - 2:30PM  
Terrace Room  
COMMON MEDICATION ERRORS WITH ORAL ANTICOAGULANTS  
At the end of this presentation, pharmacist participants should be able to:  
1. Describe errors and potentially hazardous situations associated with oral anticoagulants  
2. Evaluate the current trends in errors with the use of the newer oral anticoagulants  
3. Outline strategies for preventing anticoagulation errors using technology and other system changes  
4. Describe metrics that could be used to measure the level of patient harm with the use of oral anticoagulants  
Type of Activity: Knowledge-based  
0.75 contact hour (0.075 CEU)

OVERCOMING CHALLENGES IN THE MANAGEMENT OF INVASIVE FUNGAL INFECTIONS  
At the end of this presentation, pharmacist participants should be able to:  
1. Describe the current challenges associated with the management of IFI  
2. Compare clinical data of available antifungal therapies, including differences in the spectrum of activity, mechanisms-of-action, PK and PD, tissue penetration, and adverse effects  
3. Implement timely and informed clinical decisions that incorporate the latest evidence with respect to prophylactic, empiric, preemptive, and targeted antifungal treatment  
4. Lead the healthcare team in ensuring appropriate IFI treatment monitoring and modification, medication reconciliation, and prevention of drug toxicities and interactions  
Type of Activity: Knowledge-based  
0.75 contact hour (0.075 CEU)  
UANs: 0276-0000-18-TBA

**THERAPEUTIC ADVANCES IN HYPERKALEMIA: A PHARMACIST’S GUIDE TO PATIENT IDENTIFICATION AND TREATMENT**

At the end of this presentation, pharmacist participants should be able to:
1. Outline the clinical and socio-economic consequences of unrecognized and undertreated chronic hyperkalemia
2. Identify the risk factors and pathophysiologic mechanisms associated with the development of hyperkalemia in key patient populations
3. Evaluate the latest clinical data and surrounding new and emerging potassium binding agents with respect to mechanisms of action, efficacy, safety, indication, and therapeutic placement in hyperkalemia management strategies
4. Advance the long-term management of hyperkalemia in pharmacy practice through measures that facilitate at-risk patient monitoring, promote patient/provider education, and integrate newer therapies for optimal patient outcomes

Type of Activity: Knowledge-based

0.75 contact hour (0.075 CEU)

**THE FLU STOPS HERE: ENABLING PHARMACISTS AND PHARMACY TECHNICIANS TO JOIN THE FIGHT**

At the end of this presentation, **pharmacist** participants should be able to:

1. Assess data about the impact of influenza illness and vaccine effectiveness
2. Evaluate evidence regarding strategies to optimize vaccination rates for patients and health care works
3. Propose factors to consider in product selection of influenza vaccine
4. Apply knowledge regarding influenza vaccine and antiviral therapies to clinical scenarios

At the end of this presentation, **technician** participants should be able to:

1. Evaluate information regarding the impact of influenza and influenza vaccine on patient outcomes
2. Design strategies to improve knowledge and awareness regarding influenza and the vaccine
3. Propose pharmacy-based activities to optimize influenza vaccination rates

**Type of Activity: Application-based**

JOURNEY TO A RESILIENT AND THRIVING PHARMACY WORKFORCE
At the end of this presentation, **pharmacist** participants should be able to:
1. Explain why clinician burnout is a patient care and healthcare workforce problem that needs addressing
2. Discuss what is known about burnout in the pharmacy workforce
3. Describe the National Academy of Medicine Clinician Well-Being and Resilience Action Collaborative
4. Identify strategies to impact well-being and resilience in pharmacists, pharmacy residents, student pharmacists and pharmacy technicians
At the end of this presentation, **technician** participants should be able to:
1. Explain why clinician burnout is a patient care and healthcare workforce problem that needs addressing
2. Discuss what is known about burnout in the pharmacy workforce
3. Type of Activity: Knowledge-based

Cristina Aguilar, CPhT

ABOUT OUR KEYNOTE SPEAKER:
Anna Legreid Dopp attended North Dakota State University for pre-pharmacy coursework and completed a Doctor of Pharmacy degree in 2002 from the University of Minnesota College of Pharmacy in Minneapolis, Minnesota. Upon graduation she worked at Medtronic, Inc. in the Cardiac Rhythm Disease Management Clinical and Outcomes Research department. In May 2005 she accepted a position as a Clinical Assistant Professor at the University of Wisconsin School of Pharmacy in Madison, Wisconsin. In 2008, she took a leave of absence from that role to complete a Congressional Health Care Policy Fellow Program in Washington, DC where she worked on health and social policy in the office of Senator Joe Lieberman. Subsequent to the fellowship, she served in roles at the University of Wisconsin Hospital and Clinics as a medication use policy analyst and the Pharmacy Society of Wisconsin as the Vice President of Public Affairs and editor of the Journal of the Pharmacy Society of Wisconsin. In 2016, Anna joined the American Society of Health-System Pharmacists (ASHP) in Bethesda, Maryland as the Director of Clinical Guidelines and Quality Improvement. Her role with ASHP includes developing therapeutic guidance documents and collaborating with the National Quality Forum, The Joint Commission, and the Pharmacy Quality Alliance regarding quality improvement initiatives.
FRIDAY, SEPTEMBER 14

4:15PM - 5:15PM

2:45PM - 4:00PM
CLINICAL PEARLS 2018
• DIRECTIONS TO DEPRESCRIBING IN OLDER ADULTS
• PHARMACOGENICS: AN INPATIENT PERSPECTIVE
• UPDATES ON CLOSTRIDIUM DIFFICILE INFECTION DIAGNOSIS AND TREATMENT
At the end of this presentation, pharmacist participants should be able to:
1. Discuss risks of polypharmacy in older adults and approaches to de-prescribe in this population.
2. Review updated tools to assist with safe prescribing in older adults.
3. Describe considerations for implementing and applying pharmacogenomics testing in the inpatient setting.
4. State Clostridium difficile infection treatment recommendations consistent with the 2018 IDSA guidelines based on patient-specific factors.
5. Recall treatment considerations for reducing the risk of Clostridium difficile recurrence.
Type of Activity: Knowledge-based 1.25 contact hour (0.125 CEU)
