Will continue to encourage pharmacists to complete this. <p>3. Open Forum</p> <ul style="list-style-type: none"> • Dawn attended a recent CME dinner and heard a presentation touting the value of incorporating an APN into physician practices. There is a feeling that the patient care team needs pharmacists but because pharmacists are not providers under CMS. Pharmacists must bill under scope of practice. There may be value in the new MIPS and MACRA reimbursement systems.
