4. Explain PMPnow, its features, and how to register.

LEARNING OBJECTIVES FOR PHARMACY TECHNICIANS

1. Review the history of prescription drug monitoring programs in the US.
2. Outline the role of the Illinois Prescription Drug Monitoring Program as part of an opioid risk mitigation strategy.
3. Describe the features and best practices for engaging the Illinois Prescription Drug Monitoring Program.
4. Explain PMPnow, its features, and how to register.

This program is provided by the Illinois Council of Health-System Pharmacists (ICHP). The Illinois Council of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program is equivalent to 0.5 contact hours (0.05 CEUs) of pharmacy continuing education.

ACPE Universal Activity Numbers: 0121-0000-20-024-H08-P
0121-0000-20-024-H08-T **Type of Activity:** Knowledge-based

Published: May 1, 2020 / **Expires:** May 1, 2023

All opioid programs must be completed by August 31, 2022 or until grant funds have been dispersed, whichever comes first.

FACULTY DISCLOSURE: It is the policy of ICHP to ensure balance, independence, objectivity, and scientific rigor in all of its education programs. In accordance with this policy, faculty must disclose to the participants any significant relationships with commercial companies whose products or devices may be mentioned in faculty presentations, or with the commercial supporter of these continuing pharmacy education programs. Any resident or fellow presentation is reviewed by a content specialist preceptor. These disclosures will be available at the program.

FEE INFORMATION: This program is FREE, made possible by the Cook County Department of Public Health through grant funding.

ACTIVITY EVALUATION & CPE SUBMISSION REQUIREMENTS: In order to receive continuing pharmacy education credit, participants must successfully complete an activity post-test and evaluation, and submit the CPE online at www.CESally.com. Detailed instructions are provided on www.ichpnet.org/opioids. After successful CPE submission, participants may print their official transcript through their CPE Monitor account at www.NABP.pharmacy. It may take 24 to 48 hours for credit to be visible on CPE Monitor.
